

Instructions for Athletes in Action Online Applications

www.athletesinaction.org/careers

Please print out these instructions and follow them **EXACTLY** which should make for a problem-free application experience.

Know your application deadline! The AIA careers website (see above) provides these deadlines. The application deadline means the online application is complete and references have been completed and received by the HR dept.

Special Note - the online application is lengthy and can take a significant amount of time. You can “Save” and log out at any time in the application process and continue later. Even though the reference section is at the end of the application you can click on that section at any point. To speed up the overall process we recommend that you complete the reference section first and click the “Send Email Invitation” for each reference you enter. This sends out the reference requests immediately even before you have completed and submitted the application. Then the references can be doing their part while you continue to work through the online application which helps speed up the entire process. **Note current interns/PTFS/Stint to staff:** if you are sending out the references first make sure to complete the Getting to Know You section so the application knows you are a current Cru employee which will then trigger you only needing 3 references instead of 6. **SAVE EACH PAGE AS YOU COMPLETE IT.**

Your Application Representatives - the online application states you may want to have a conversation with your Cru representative before completing the application. For those completing AIA applications the following are your representative to contact if you feel the need to have a conversation before completing the application.

Intern applicants: deb.rumelhart@athletesinaction.org; **Full time staff applicants:** pat.lower@athletesinaction.org
STINT applicants: lisa.anderson@athletesinaction.org; **PTFS applicants:** jacque.nelson@athletesinaction.org

1. **Apply.cru.org** - paste this link in your browser for all AIA categories - full time, part time, intern, STINT. You have two options for logging in, through Facebook or through your Relay Account if you already have one set up through Cru/AIA. **RECORD YOU LOGIN** as you will need it again.

NOTE: Full Time applicants coming on without your spouse or **Part Time applicants** please complete the pre-application questionnaire prior to starting an application. These may be found under the Full Time and the Part Time tabs on the AIA careers website.

2. **Cru Opportunities** - this is the first page where you will:

a. Choose Your Position - pick full time, STINT, part time field staff or US intern applications. A brief description is given to the right of the drop down menu. Please look at the descriptions and additional information for these jobs under those specific tabs on the AIA Careers website before starting an application so you know which job title you want to apply for.

b. Choose Your Ministry - select Athletes in Action.

c. Choose Your Sub-ministry - you will choose either Campus or National Office.

NOTE FOR STINT AND PART TIME:

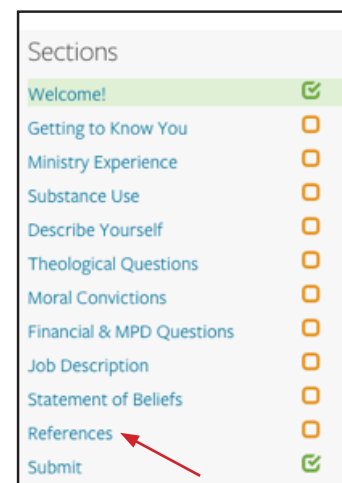

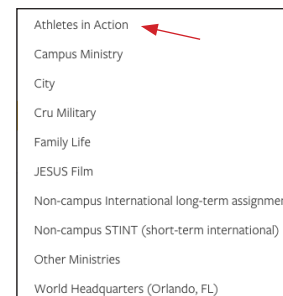

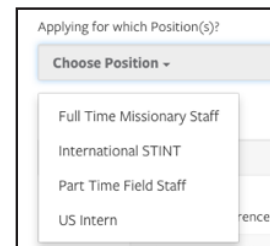

STINT - for those applying for International Stint the drop down menu allows you to pick AIA Campus or National Office. Please choose National Office.

Part Time - these positions are only eligible for Campus ministry at this time, not positions at the National Office. If your area of interest falls under the National Office choices please contact your AIA application rep before filling out the application.

3. **Profile** - fill in your profile information. Throughout the application anything with a * beside it is required information.

You may look at the sections in advance of completing them simply by clicking on the section title. As you complete each section and click Save at the bottom of the section a “√” will appear in the box by that section. This makes it easy to start and stop your application and quickly know exactly what sections remain to be completed. All sections must be completed in order to submit. As per the “Special Note” at the top, you can go straight to the references section and get your reference requests sent out immediately, then work through the rest of the application which will help speed up the overall process. **Read ALERT re: references in #7.**

7. References -

a. Full Time Staff applicants need 6 references - Cru or AIA staff member; Spiritual Leader; Peer, Friend, Pastor, Employer. If you do not know a Cru/AIA staff well you may substitute this reference with another Spiritual Leader reference in that box.

b. Current Stint, intern Part Time - if you are currently in any of these categories but applying to full time staff you need 3 references from your current team.

c. Stint, intern and Part time applicants need 4 references - Cru or AIA staff member; Spiritual Leader; Peer, Friend. If you do not know a Cru/AIA staff well you may also substitute this reference with another Spiritual Leader reference in that box. Once you have submitted your application you are able to go back in and change a reference if you find out you entered their email address incorrectly or they are unable to do a reference for you. Simply fill in new reference information and click the "Send Email Invitation" again.

ALERT! The reference requests are system generated emails and frequently go to a person's Junk Mail. We strongly recommend that as soon as you send these requests out to follow up with each reference with a personal email telling them they have received a reference request from "Join Us" and that it may go to their Junk email so please check as they should now have it! Not doing this could significantly delay the application process if it delays the references.

After you submit you will not be able to edit your answers in your application, but you will be able to log back in and change your your personal information, your school information, and your reference information if necessary. The system will notify you each time a reference has completed their reference form.
